

Your Office

Please clean out your office area from everything that you own or have stashed there. Once you are gone a new Sterrewachter will be seated at your old desk, and there is nothing as uninviting as have to clear out another persons garbage.

Also make sure you cleared out the shelf/ves from the cupboard in the room. Take all your books and other belongings with you to your next location, or drop anything in the garbage cans in the corridors. For large items, please contact the secretariat.
