

Adobe CC

The Adobe Suite is licensed as a campus license with restrictions and specific license instructions. The restriction is that the license is associated to your ULCN account information and limited to two instances. The instructions how to setup the license are below:

Getting the license

First go to: <https://helpdesk.universiteit leiden.nl/tas/public/login/saml>

Login with your ULCN account.

Choose software and webservicees.

After that choose install or request software (top right).

Then choose Ask a question or request an issue.

Fill in as shown below. "My account" in the description should read your ULCN account name (vosa or something like that) After a day you receive an email that you can use the software. You can then download the software and have it installed by us. You can activate it yourself.

[HOME](#) > [INSTALL OR REQUEST SOFTWARE](#) > [ASK A QUESTION / REPORT AN ISSUE](#)

Ask a question / report an issue
